

Call for Online Expert Evaluators

We are looking for **experienced scientists and researchers** interested in reviewing projects submitted under the ongoing EIG CONCERT-Japan Joint Call for Proposals on **“Sustainable Hydrogen Technology as Affordable and Clean Energy”**

EIG CONCERT-Japan is an international joint initiative to **support, coordinate and enhance STI cooperation between European countries and Japan**. It began as an ERA-NET project funded by the EU FP7 (2011-2014), and is now implemented independently of EU support as an activity of the European Interest Group (EIG: a flexible and inclusive communication platform for European and Japanese funding agencies).

Required skills:

- Skills and knowledge appropriate to the relevant scientific and technological field of the Joint Call
- Appropriate English language skills
- A proven experience in one or more of the following areas or activities:
 - Management or evaluation of S&T projects
 - International cooperation in S&T
 - Use of the results of research and technological development projects
 - Technology transfer and innovation

Evaluation framework:

- The period for the online evaluation of proposals is 2 August to 10 September.
- Proposals will be in English language and about 15-20 pages long.
- Each evaluator will be attributed 3 to 5 proposals for evaluation, and each proposal is assessed by 2 evaluators.

The remuneration for each proposal is €50.

Selected peer reviewers will receive access to an online evaluation system (PT-Outline) and to the respective documents, including detailed guideline. Evaluation will thus be done at distance, with no subsequent physical peer reviewers meeting at this stage.

Registration as an evaluator:

To become an evaluator of the EIG CONCERT-Japan Seventh Joint Call, **please fill in the form available on the website and send it with your CV to the Joint Call Secretariat** : concert-japan-jcs@cnrs.fr

Deadline to submit your application: 2 July 2021
