

EIG CONCERT JAPAN

Connecting and Coordinating
European Research and Technology Development with Japan

**REOPENING OF THE
JOINT CALL!**

Extended deadline

What is EIG CONCERT-Japan?

EIG CONCERT-Japan is an international joint initiative to support, coordinate and enhance science, technology and innovation cooperation between European countries and Japan. It began as an ERA-NET project funded by the EU FP7 (2011-2014), and is now implemented independently of EU support as an activity of the **European Interest Group** (EIG: a flexible and inclusive communication platform for European and Japanese funding agencies).

Food Crops and Biomass Production

**Technologies Joint Call:
31 May - 27 July 2016**

Aim of the Joint Call:

The overall aim of this call is to support scientific research to further our understanding of the various phenotypes of useful food crops and biomass (including also algae biomass) plant species under a variety of environmental conditions towards improved yield and quality/functionality of those species under changing global climate.

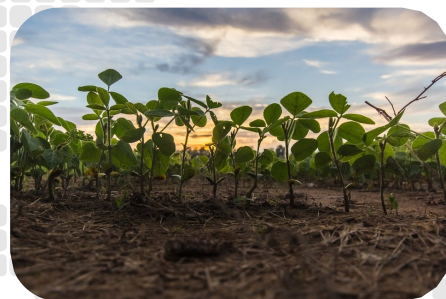

Conditions:

Research projects with an **innovative dimension** will be funded for a period of **3 years** in the field of Food Crops and Biomass Production Technologies*. The research projects are expected to have **mobility and networking dimensions** apart from the core research component.

Each project consortium applying for this call should consist of at least **3 partners**: one from Japan and two from two different European countries participating in the call.

The Joint Call will be funded by the budget allocated by each participating national/regional funding organisation. Therefore, each participating funding organisation reserves the right to apply its national/regional funding regulations.

SPAIN: All proposals related to biomass crops are **not eligible for MINECO*

For more information on the Joint Call and the submission process, please refer to the documents on the EIG CONCERT-Japan website: concert-japan.eu
